

Block, Inline, Class and Id

This is how I use the Block, Inline, and Id

```
<section class= "features" >
<h1>Featured Destinations</h1>
<div class="container">
<div class="row">
<div class="col-md-4">
<div class="featured-box">
<div class="feature-img">

<div class="price">
<p>78$</p>
</div>
<div class="rating">
<i class="fa fa-star"></i>
<i class="fa fa-star"></i>
<i class="fa fa-star"></i>
<i class="fa fa-star"></i>
<i class="fa fa-star-half-o"></i>
```
