External CSS and Responsiveness

This is how I linked an external file of CSS to my project:

```
.header
{
   height: 100%;
   background-image: linear-gradient(□rgba(0,0,0,0.6),□rgba(0,0,0.6)),url(images/images.jpg);
   background-size: cover;
   background-position: center;
   background-attachment: fixed;
   padding-top: 20px;
   text-align: center;
   color: ■#fff;
```

```
